Turn a PDF into docx, xlsx or pptx

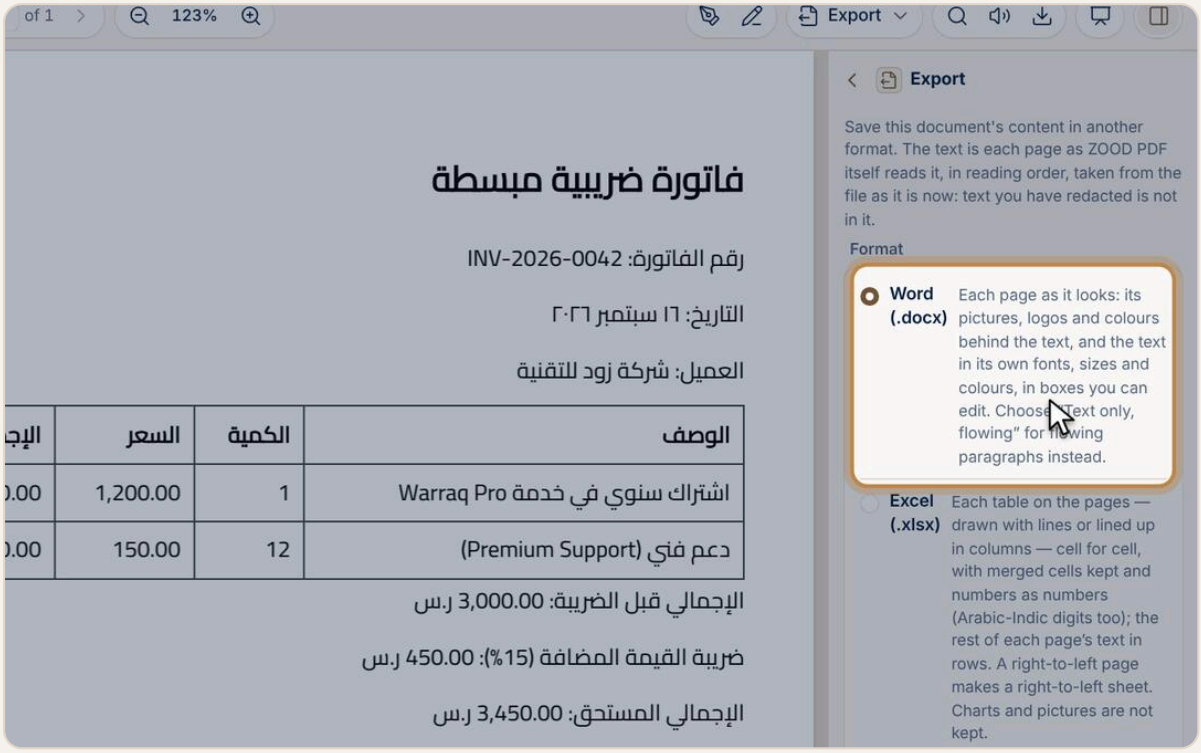

Export the text, tables and slides, with Arabic right to left.

STEPS

1 Open the file, then choose Export in the tools list.

2 Choose the kind: a docx document, an xlsx sheet, pptx slides, pictures or text.

3 Press Export and save the file.

TIPS

A docx export carries the text as flowing paragraphs, not the exact page layout.

In the app: open Help › Help & Support, find this guide, then press Show me or Do it for me.
