Save your changes

The original file stays untouched until you save.

STEPS

1. Press the Save button in the top bar, or Ctrl+S (⌘S on a Mac).

2. On the computer it saves into the same file; in a browser it downloads a new copy.

TIPS

Every saved version is kept under Versions, so you can go back.

In the app: open Help › Help & Support, find this guide, then press Show me or Do it for me.
