Turn a PDF into docx, xlsx or pptx

Export the text, tables and slides, with Arabic right to left.

STEPS

1. Open the Export tool.
2. Choose the kind: a .docx document, an .xlsx sheet, .pptx slides, pictures or text.
3. Press Export and save the file.

TIPS

A docx export carries the text as flowing paragraphs, not the exact page layout.

In the app: open Help › Help & Support, find this guide, then press Show me or Do it for me.
