Control it from your phone

In the desktop app

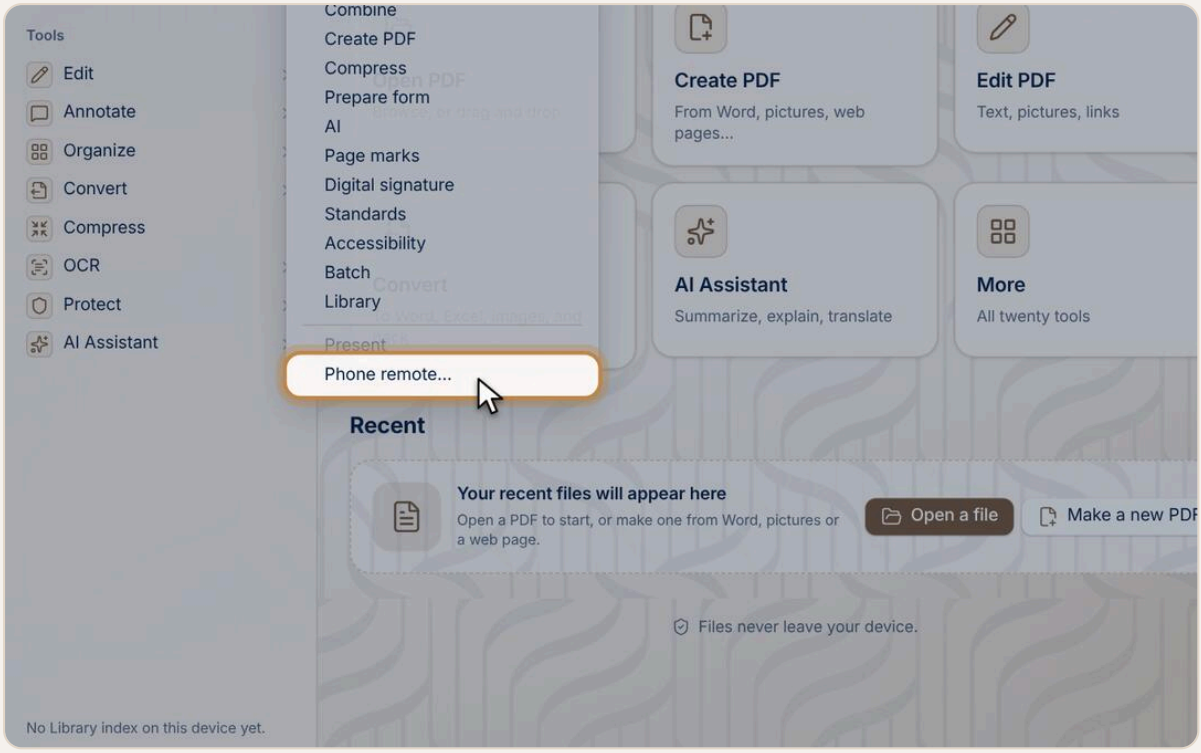

Present, move the pointer and send files from your phone.

STEPS

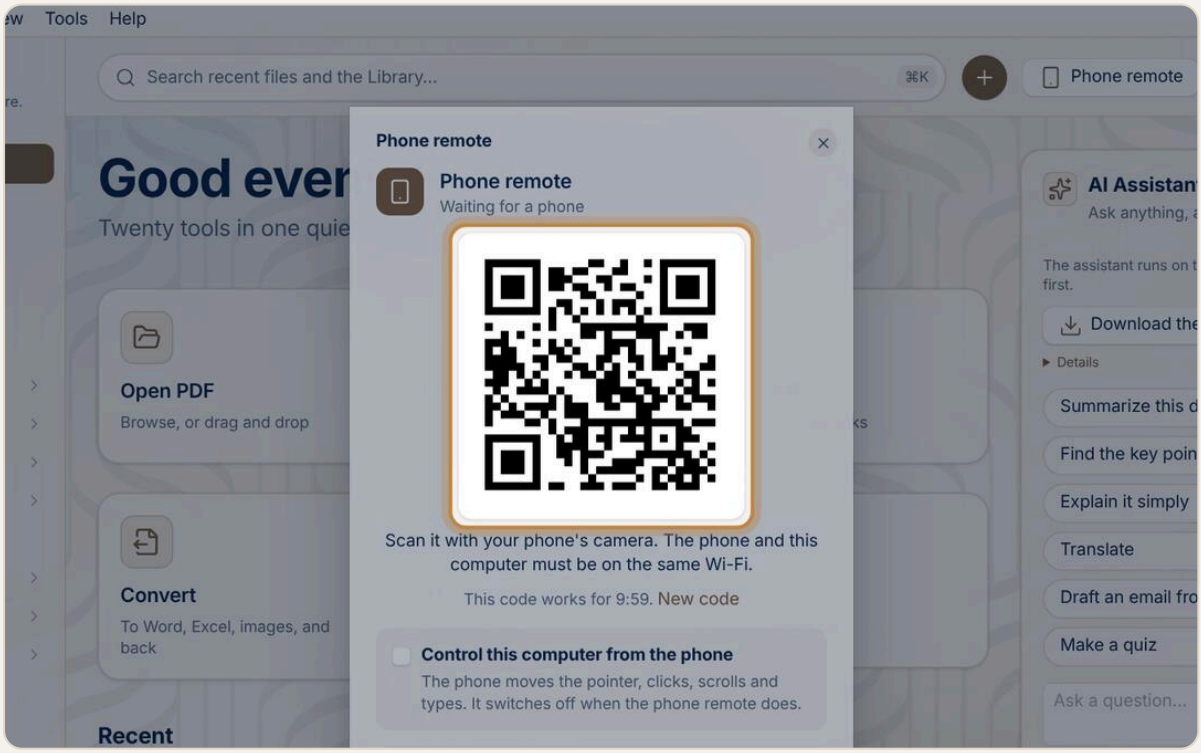

1. The first time, get the ZOOD PDF app on your phone. In the welcome tour (Help › Welcome tour), open the Phone remote chapter and scan the code with the phone camera, or go to pdf.zood.sa/app.

2 In the Tools menu, choose Phone remote..., or press its button at the top of Home.

3 Scan the code with the phone camera. Both must be on the same Wi-Fi.

4 The first time, the computer asks “Allow this phone?”. Press Allow if it’s your phone. After that it connects straight away.

In the app: open Help › Help & Support, find this guide, then press Show me or Do it for me.
